

SYSDAT.IT joins Mia-Platform Partner Network

Milan, 20 March 2024 - Mia-Platform, an Independent Software Vendor (ISV) delivering the leading Digital Platform Builder worldwide, is thrilled to welcome in its Partner Network SYSDAT.IT, the IT reality with over 40 years of experience that supports companies from several industries such as Fashion and Luxury, Manufacturing, Food & Beverage, Large-Scale Distribution, Finance in their digital transition through consulting and IT services.

"We are constantly striving to support our customers with advanced and innovative solutions to guide them on their digital transformation journey. Our partnership with Mia-Platform is a significant step in this direction; their platform offers an integrated approach to application development and integration, perfectly in line with our experience in the IT sector, in an increasingly cloud-oriented context. We are excited to join forces to offer comprehensive solutions that enable companies to evolve rapidly and remain competitive in an ever changing digital and dynamic market," comments **Niccolò Quaratesi, Executive Vice President of SYSDAT.IT**.

In today's rapidly evolving digital landscape, the choice of technology partners plays a pivotal role in shaping the success of a company's digital transformation journey. An established IT company like SYSDAT.IT, boasting over four decades of experience in the IT sector, joining forces with an innovative ISV like Mia-Platform, equipped with the leading Platform Builder worldwide for Cloud Native Development, will allow clients to leverage cutting-edge solutions designed to address the dynamic demands of the modern business landscape.

"We are thrilled to start this new partnership with SYSDAT.IT. Their extensive experience in the IT sector in different strategic industries, coupled with our expertise in Platform Engineering and Cloud Native Development, will enable us to provide cutting-edge solutions to our clients, leveraging our combined capabilities to drive innovation and empower businesses to thrive in the digital era" adds **Francesco Soncini Sessa, Head of Strategic Partnerships at Mia-Platform**. Together, we look forward to creating impactful solutions that address the evolving needs of the market."

ABOUT MIA-PLATFORM

Mia-Platform is an Independent Software Vendor (ISV) that delivers the leading **Digital Platform Builder** worldwide for the end-to-end creation of cloud-native digital platforms.

Its powerful software suite with full DevOps Lifecycle Management provides a unique Console to simplify the development and operations of cloud-native applications based on APIs, Microservices, Fast Data, and DevOps, and to incrementally build a company's Digital Platform.

Mia-Platform enables a smoother **Developer Experience** for Cloud-Native Application Development, thanks to the combination of its **Internal Developer Platform** (Mia-Platform Console) and **Service Catalog** (Mia-Platform Marketplace).

The platform is thought to support companies in their adoption path of **Platform Engineering** and **Composable Architecture** paradigms.

Mia-Platform is one of the fastest-growing tech companies in Europe, and has been mentioned for two years in a row among the top 10 Italian tech companies in the "FT 1.000: Europe's Fastest Growing Companies" ranking by The Financial Times.
